

Dear Sir or Madam,

My name is Derrek Wilder, and I am currently a student with a strong passion for athletics, leadership, and personal growth. Throughout high school, I have worked hard to balance academics, sports, and community involvement while developing skills that will help me succeed in the future.

For the past three years, I have been a Varsity Baseball player, an experience that has taught me discipline, teamwork, and determination. During my baseball career, I earned recognition as a League Champion and received 2nd Team All-Pro honors. In addition to athletics, I have maintained Honor Roll status, showing my commitment to academic success as well.

Outside of school and sports, I have developed several technical and professional skills, including experience with HTML, CSS, Markdown, Git, terminal commands, Photoshop, and typing at 45 words per minute. These skills have helped me become more adaptable and prepared for future opportunities in both technology and business-related careers.

Giving back to my community is also important to me. I have volunteered my time umpiring Little League baseball games, allowing me to support younger athletes while building leadership and communication skills.

I consider my strongest personal qualities to be my leadership ability, strong work ethic, and determination. The three words that best describe me are calm, ambitious, and athletic. Whether working independently or as part of a team, I always strive to give my best effort and continue improving.

After high school, I plan to pursue a successful career while continuing to grow personally and professionally. My career goals include becoming a professional baseball player, a CEO, or a technician. I am excited to continue building my future through hard work, dedication, and new opportunities.

Thank you for your time and consideration.

Sincerely,

Derrek Wilder
